IOLANIS AND MAILES WIN

Two Keenly Contested "Socker" Games Yesterday.

	P.	W.	L.	D.	For	Against	Goals
Iolanis	2	0	0	5	2	0	2
Mailes	2	1	0	1	1	0	0
Punahou	1	0	0	1	0	0	0
Y. M. C. A.	1	0	1	0	1	3	3
D. Heads	2	0	2	0	1	3	3

The Iolanis and Mailes were returned winners in the two games of "socker" played at the baseball ground yesterday, defeating the Y. M. C. A. and Diamond Heads, respectively, by the scores of 3 to 1 and 1 to 0.

The band was in attendance but the crowd was not so big as was the case on the previous Saturday.

IOLANIS VS. Y. M. C. A.

The Iolanis and Y. M. C. A. played first and put up a good game. The Iolanis hardly showed such advantage as they did last week but they managed to win handily.

The Y. M. C. A. made a very good impression and the eleven will win games.

The line-up was as follows:

Iolanis—Kee, goal; backs, E. Kellett, J. Kellett; halves, T. Carter, M. Anderson, Mon Yin; forwards, L. G. Blackman, J. Woo, J. Anderson, J. Bolster, E. Mahaulu.

Y. M. C. A.—Goal, S. F. Beardmore; backs, E. B. Turner, J. Macauley; halves, I. Spalding, G. Isenberg, J. Gill; forwards, C. Oss, G. Waterhouse, Plunkett, F. Haley, Robbins.

Referee—D. W. Anderson.

Linesmen—Messrs. McKinnon and J. Catton.

The Y. M. C. A. showed well individually but lacked cohesion. The Iolanis' combination was excellent. That tells the story of the game.

The Iolanis kicked off from the makal end. Both sides cornered but no score resulted.

After several futile attempts by various members of the team J. Anderson put a shot between the bars which was too hot for Beardmore to stop.

Turner at back was playing a rattling good game, doing the right thing with the ball pretty nearly every time it came his way.

It was not long before J. Anderson scored again, this time with a soft shot that the goalkeeper should have intercepted.

Haley had a chance to score for the Iolanis but failed and half time saw the score, Iolanis 2, Y. M. C. A. 0.

The second half saw the Christians playing up gallantly but the best they could do was to score once through the medium of "Irish" Plunkett, who has taken up the Association game. His goal was not unmarked by the elements of luck.

The Iolanis were credited a third goal by Bolster in the second period of the game and the game ended, Iolanis 3, Y. M. C. A. 1.

Turner played well for the losers and Gill, a new hand at the kicking game, showed signs of making a player.

DIAMOND HEADS VS. MAILES.

These teams took the field as follows:

Mailes—Goal, Belser; backs, McGill, R. Anderson; halves, R. Chillingworth, center, Foster Davis; forwards, Catteral, H. Bailey, Simpson, F. Bailey, Gray, Simpson.

Diamond Heads—Goal, W. Chillingworth; backs, E. Desha, R. Clark; halves, E. Grune, J. Clark, D. Sherwood; forwards, L. Kee, G. Desha, P. Gleason, A. Williams, V. Lemon.

Referee—J. W. Waldron.

Linesmen—Messrs. McKinnon and J. Catton.

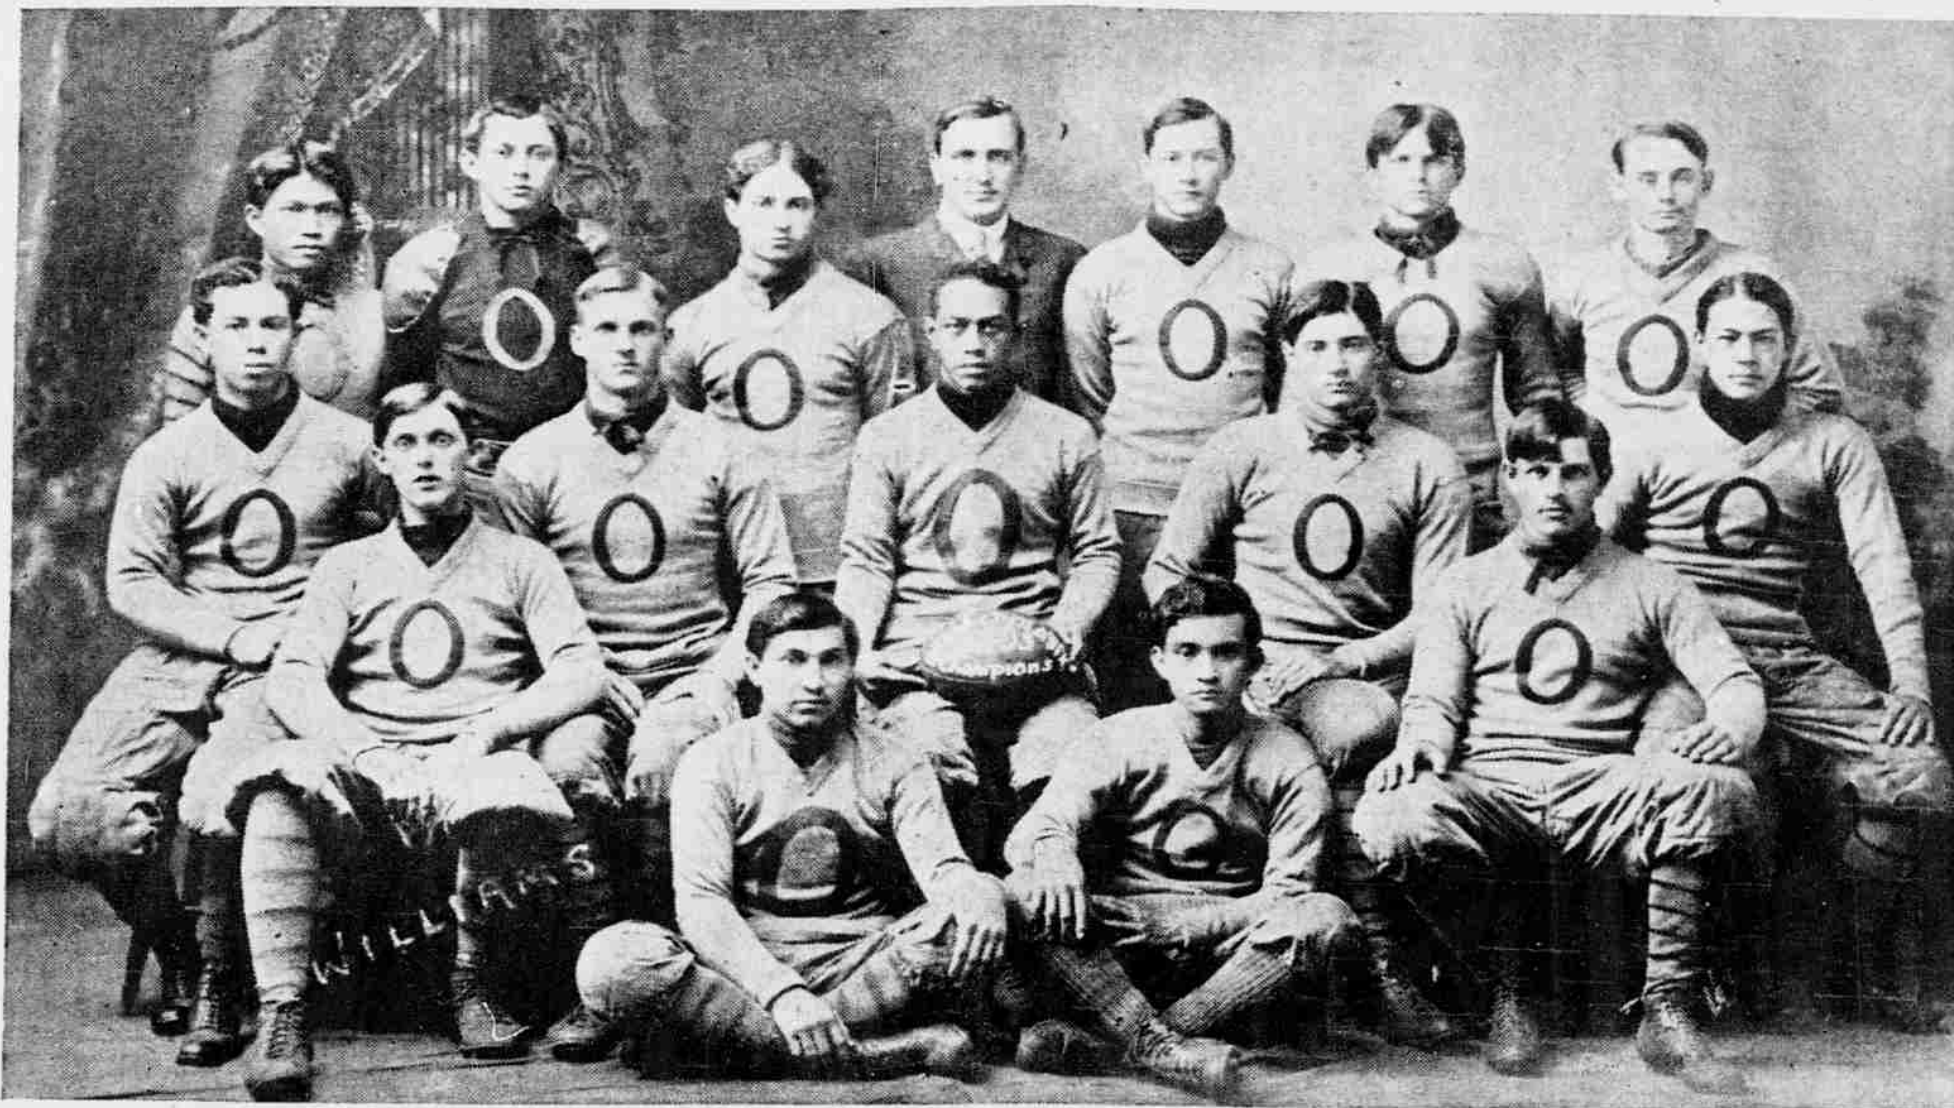

The Reds were playing without Fernandez and En Sue, both of whom are temporarily on the shelf. Kee and Sherwood proved efficient substitutes.

The Mailes are very evidently not the old championship winning team of past seasons. Yesterday the Diamond Heads played all round them but lacked that accuracy of shooting necessary to score goals. The Reds will be bad for the best of them to beat when they get two or three more games in them.

The Mailes had somewhat the best of the first half during which period a goal was scored by Catteral from a penalty kick.

In the second half the Diamond Heads bucked up wonderfully, in fact the longer they played the better they played and came within an ace of scoring on several occasions.

A good game ended 1 to 0 in the Mailes' favor.

THE OAHU COLLEGE FOOTBALL TEAM. INTERSCHOLASTIC CHAMPIONS, 1905.

KENNEL CLUB ON THE TAPIS

After much private discussion, it is practically certain that Honolulu will have what it has long needed, a kennel club.

Col. Will E. Fisher is taking the initiative in the matter and all interested in dogs and the formation of a kennel club are invited to attend a meeting to be held in Mr. Fisher's office, on Tuesday at 7:30 p. m.

The objects of a kennel club are many. The main idea is to foster and encourage the acquisition and breeding of pure-bred dogs, to improve the standard, to acquire and disseminate among members, knowledge of the breeding and raising of dogs, and to hold bench shows.

Dog owners are numerous in Honolulu and there are a surprising number of surprisingly good dogs in this city.

The meeting should be largely attended.

"FREAK" CUP PLAY TODAY

The event which commands golfers' attention today, is the contest for the C. J. Hutchins "freak" cup.

Play will commence at 9 a. m. on the Manoa links.

The course is as follows:

Tee.	Hole.
1	7
2	4
3	2
4	5
5	8
6	6
7	1
8	3
9	9

A silver cup will be presented to the winner.

It is expected that competitors will be numerous, as much interest has been evinced in this novel contest.

L. A. C. OFFICERS ARE ELECTED

The Lusitana Athletic Club held its first annual meeting in San Antonio Hall on Friday evening, more than 30 members being present.

A committee of three was appointed to circulate a subscription list in order to secure money for the buying of baseball uniforms for the coming season.

All the Portuguese baseball players pledged themselves to stand by the club and play for no other.

At the close of the meeting the challenge from the 10th Infantry nine was accepted and it was decided to play the game today.

The officers elected for the coming year are:

L. R. Medeiros, president; M. A. Silva, vice president; V. Fernandez, Jr., treasurer; F. B. Freitas, secretary; L. Pimental, J. Fernandez, G. Madeira, board of directors; V. Fernandez, Jr., manager.

ALL-PORTUGUESE NINE TO PLAY

The much talked of game of baseball between the Tenth Infantry and the All-Portuguese teams, takes place at Kapiolani Park today at 2 p. m.

The All-Portuguese will line up as follows:

Carvalho, c.; F. Freitas, p.; Pimental, 1b.; J. Fernandez, 2b.; H. Bushnell, 3b.; Evers, ss.; M. Martin, rf.; J. Correa, lf.; M. Soares, cf.; Substitutes: M. Freitas, L. Soares, Mike, G. Madeira.

The soldiers will put their strongest team in the field and a very good game should ensue.

THE AUTOMOBILE

Talk of private automobile speedways is rampant again, in the States, as it has been annually for several years. Most of it is of the "maybe" brand but there are excellent reasons to believe that out of it all at least one speedway will be built, probably in New Jersey.

Next season will witness a very important practical demonstration of the merits of the two-cycle form of engines versus the four-cycle. A great many orders for the new two-cycle Olds model have been placed by enthusiasts who are mechanically wise and believe in the thing, so that there will be no lack of opportunity for comparison.

For several years the combination of tire-makers, which is not a trust, by the way, but a pool, has been almost as absolute in its field as the Standard Oil Company has been in its sphere. This year, however, will witness some determined efforts to break the pool. There is no truth in the rumors of a split in the combination, but it is positively known in high circles that the new tire company launched by the independent, or unlicensed manufacturers, will not operate the old position tire plant this year.

There will be several of them started. The association of licensed manufacturers have not made any move in this direction, but the members have adopted a significant resolution which means an end to tame acquiescence to the conditions imposed by the tire pool.

For those who are interested in the mechanical details of automobiles there are some excellent pointers in a pamphlet entitled "Fashioning a Crankshaft," which has just been issued by the Electric Vehicle Company, of Hartford, and will be sent free upon request.

It illustrates various methods of turning out crankshafts and axles, dwelling at length upon the European method of machining crankshafts cold from the solid slabs of steel, as is done for Columbia cars.

With the proportion of expense running as it is, the scripture may be paraphrased by asking: What does it matter to man if he smashes his whole car, so long as he saves the tires?

Jeffries has declined to meet Jack O'Brien. After seeing the effects of his work on Fitz, married pugilists naturally hesitate.

After reading the following extracts from reports of the Illinois Athletic Club's recent entertainment, will you please tell us the difference between an amateur and a professional boxing bout:

Received his quietus.

Was a party to a fine slugging bee.

Was sent to his knees with a left to the jaw.

Soon had his opponent groggy.

Sent in some lefts with staggering effect.

HERE AND THERE

It looks like another semibetless year in Chicago.

While he was trimming old Bob Fitzsimmons, Jack O'Brien little realized that he was also breaking up a happy home.

Having nothing more exciting on hand, we are prepared to be convulsed over the question of supremacy at hockey.

The only real problem on hand at this moment is to reduce football to the harmless of ring-around-the-rose and still preserve it as a strenuous sport.

Caspar Whitney didn't have as many facts about the tainted condition of western football as "Purity" Jordan, but he's there with the vocabulary.

Will Amos Rusie make good on the diamond? asks a baseball expert. They say he is as speedy as ever, but whether that pertains to his finish or his pitching prowess remains to be seen.

In its first trial the plan of carrying the football ten yards instead of five shows conclusively that it eliminates one feature of the game, namely, touch-downs.

There is just a chance that Robert and Julia Fitzsimmons are preparing to spring themselves on us in that little skit entitled "The Blow That Broke the Heart."

Jeffries has declined to meet Jack O'Brien. After seeing the effects of his work on Fitz, married pugilists naturally hesitate.

YACHTSMEN'S ACTIVE DAY

Although the close season for yachting is now on, today will be a busy one with the boats.

Several parties are going down to Pearl Harbor, among them being Commodore Picker and a party of 13 in the flagship Spray, Clarence Macfarlane in the La Paloma and S. A. Jaeger in the Skip.

A number of launch parties will also go to the lochs today. The yachtsmen will go by train to their headquarters at the Peninsula, and will sail from there to Puuloa, where anchors will be dropped and lunch partaken of.

There will be no racing, the day being devoted to social pleasures on the wave.

Commodore Picker is of the opinion that the trans-Pacific yacht race will surely occur.

He thinks it would be a splendid thing for the Hawaii Yacht Club to have its headquarters on the Kuna property in Kapiolani Park, recently acquired by the county. He sees no reason to prevent a broad channel being dredged to allow of entrance and exit for the small craft and expects the matter to be carefully investigated right away.

Bleeding freely from nose and mouth.

Began mixing it at the sound of the gong.

Not clever, but had a terrible punch.

Both men were punished severely.

Sailed into each other hammer and tongs.

The referee saved him from further punishment.

TO THE PUBLIC.

We wish to inform all interested that our current advertisement of Black and White Scotch Whisky was not in any way suggested by political or other incidents prominently noted in the news of the day.

We import this high-class and time-tried article and offer it to the trade strictly on merit. It is, nevertheless, true that it is the most economical whisky on the market, being at all times most satisfying to the consumer. For sale everywhere.

DRAW WAS THE VERDICT

Tate and McFadden Spar Six Interesting Rounds.

A sparring match was arranged on short notice yesterday between Eddie Tate of the Hayes Valley Athletic Club, who is working aboard the transport Thomas, and Jack McFadden of Hotel street.

It was a six-round go and was brought off at 9 p. m. over Woods & Sheldon's Fort street store, a fair house being present.

The officers of the Thomas were there in force and the old guard of local ring-goers were in evidence as usual.

McFadden was seconded by Dick Sullivan and W. Bettincourt.

Tate was escorted by Jack Duffy and McGarrity, the 'Frisco bell boy boxer. Dick O'Mara referred the bout.

Preliminaries were dispensed with and proceedings opened with the introduction of the lads.

Then Dick Sullivan and Jack Duffy were introduced as being willing to box any 135 or 145-pound man in Honolulu, Huihui preferred in the former case.

Huihui climbed through the ropes and accepted Sullivan's challenge and was loudly applauded by the crowd.

The men entered the ring and shook hands. Both were fat and saddy in
